PREFACE

This, the thirteenth annual Data Book on Illinois Higher Education, provides ten sections of information on public and private colleges and universities in Illinois. The information is compiled from data reported by Illinois institutions in studies conducted or coordinated by the Board of Higher Education's staff. While the staff is responsible for the accuracy of the compilation, the validity of source data depends upon institutional submissions. Both credit and thanks are due to the individuals at each public and private institution who complete the surveys. In many ways, the usefulness of this document is due to the accuracy and timeliness of their responses.

One objective of the Data Book is to provide useful combinations of data about higher education in Illinois. Suggestions are welcome on improvements that will make this publication more useful. Much of the data contained in this book is in computer readable form. If readers desire new combinations or details that are not presented in this book, they are invited to contact the Board office.

Richard D. Wagner
Executive Director
Illinois Board of Higher Education

INTRODUCTION

The Data Book on Illinois Higher Education is intended to provide a general reference for the reader seeking an overview of Illinois higher education. Although some tables provide information for certain categories of institutions only, the overall survey universe includes all Illinois institutions of higher education having degree granting authority and those with operating authority who have applied for authority to grant degrees. While this year's survey universe included 190 institutions, one limited purpose and one proprietary institution did not respond, leaving the total number of respondents at 188.

Institutional Classification

To allow for meaningful summaries of data, surveyed institutions have been categorized according to purpose and financial structure. The current institutional classification system breaks these institutions into five categories: public universities; public community colleges; private, not-for-profit multiple purpose; private, not-for-profit limited purpose; and proprietary. Limited purpose institutions are those offering specialized programs of study in professional, theological, or technical fields. Proprietary institutions are those institutions whose financial structure is organized on a for-profit basis.

Data Sources

Information for the Data Book is compiled from a number of surveys conducted or coordinated by the Board of Higher Education. Principal among these are the following:

IBHE Fall Enrollment Survey. The IBHE annual Fall Enrollment Survey is a comprehensive survey covering various aspects of student enrollments. Data from this survey provide the basis for Chapters I through V of the Data Book. Enrollment breakdowns such as institutional headcount and full-time-equivalent enrollment by class level and location of instruction (on-campus, off-campus, or home-study) appear in Chapters I and III. Chapter II summarizes student characteristics data (enrollment by sex, race, age and geographic origin). Chapter IV summarizes enrollment by academic program for public universities. Finally, data from the Fall Enrollment Survey on applications, acceptances, enrollments by level, and transfers among Illinois institutions are summarized in Chapter V.

HEGIS 2300-2.1 (Degrees Conferred). The Board of Higher Education is the state coordinating agency for the federal Higher Education General Information Survey (HEGIS), which is administered at the federal level by the National Center for Education Statistics (NCES). Chapter VI of the Data Book summarizes data from this survey on degrees conferred by Illinois institutions in recent years. On alternate years, the Degrees Conferred Survey includes data on the racial/ethnic characteristics of degree recipients by discipline. These data were collected in the 1984-85 survey which is summarized in this year's Data Book.

HEGIS 2300-3 (Salaries of Full-Time Instructional Faculty). Chapter VII summarizes data from the 1985-86 HEGIS Salaries Survey. This annual survey provides data on the number and sex of full-time instructional faculty at public and private institutions of higher education and on salaries and fringe benefits earned by those faculty.

RAMP (Resource Allocation and Management Program). The Board of Higher Education's annual Resource Allocation and Management Program (RAMP) provides data used in the planning and budgeting processes of Illinois public universities and community colleges. Chapters VII and X present staffing and financial data which have been obtained from RAMP.

Faculty Credit Hour Study. The IBHE Faculty Credit Hour Study is a detailed analysis of public university faculty and administrative assignments for each academic discipline by level of instruction. Tables derived from this study contribute to the staff data presented in Chapter VII.

IBHE Tuition and Fees Survey. The Board of Higher Education's Tuition and Fees Survey requests information on annual student charges for tuition, fees, and room and board at Illinois public and private institutions. Data from this survey are summarized in Chapter VIII of the Data Book.

Student Financial Aid Survey. The Student Financial Aid Survey, a joint effort of the Illinois State Scholarship Commission and the Illinois Board of Higher Education, collects data relating to student financial aid from all non-profit institutions that participate in

the major State student financial aid programs. Chapter IX summarizes recent years' data from this survey.

Discipline Unit Cost Study. The Board's annual Discipline Unit Cost Study provides a detailed analysis of costs for instruction, organized research and public service activities at each Illinois public university. Data from this study contribute to several tables appearing in Chapter X of the Data Book

HEGIS 2300-4 (Financial Statistics). Chapter X of the Data Book also presents summarized data from the 1984-85 HEGIS Financial Survey. This survey provides data on current funds revenues by source and expenditures by function for public and private institutions.

Section I

CURRENT ENROLLMENT DATA

This section presents data on headcount and full-time-equivalent (FTE) enrollments in Illinois colleges and universities for fall 1985. The data are from the Illinois Board of Higher Education's annual Fall Enrollment Survey.

Headcount

Table I-1 summarizes headcount enrollments at public universities, community colleges and private institutions by attendance status (full vs. part-time), location of instruction, sex and class level. This table also presents total FTE for each sector.

Table I-2 provides headcount enrollments by location, level of instruction and attendance status for each public university along with total FTE for each institution.

Table I-3 provides headcount enrollment breakdowns by location of instruction, type of instruction, attendance status and residence status for each public community college.

Table I-4 presents institutional headcount enrollments by location of instruction, level of instruction and attendance status.

Tables I-6, I-7, and I-8 provide headcount enrollments by class levels for public universities, community colleges and private institutions, respectively.

Full-Time-Equivalent

Table I-5 presents FTE degree credit enrollments at Illinois public universities by level of instruction and location of instruction.

Tables I-9, I-10, and I-11 present full-time-equivalent enrollments by class level for public universities, community colleges, and private institutions.

The following definitions apply to the data in this section.

ENROLLMENT DEFINITIONS

Baccalaureate

Student academic program majors at public community colleges which include approved transfer, college parallel, liberal arts and science and baccalaureate-oriented programs which are classified under the National Center for Higher Education Management Systems (NCHEMS) Program Classification Structure (PCS) code 1.1.

Degree Credit Enrollment

Students who have been admitted to a general or a specific course of study or program at the completion of which a degree/diploma/certificate is awarded by the institution. A certificate does not signify simply the completion of the courses of study through attendance, but rather indicates the completion of an organized curriculum and the achievement of competence in that curriculum. Students who have not yet declared a major (that is, indicated the specific program they will follow) but have taken and/or are presently enrolled in courses and activities attempted and completed by degree/diploma/certificate students are also included in this category.

Freshman

A student who has completed fewer than thirty semester hours (45 quarter hours).

Full-Time

Students taking 12 or more semester or quarter hours during the semester or quarter. A student's entire academic load in terms of course work or other activity (such as thesis, research, or required teaching) is counted. Institutions not on a semester or quarter system report students taking at least three quarters of the institutionally defined normal full-time load as full-time students. Time spent by teaching fellows is included only if such teaching is performed as a requirement for a degree, diploma, or certificate. Employment which is not a part of the prescribed activity for a professional degree or time spent on work required because of lack of undergraduate background is not counted as time spent on academic requirements.

Full-Time-Equivalent (FTE), Graduate I and II

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate credit hours generated by Graduate I and II students for the fall term.

Full-Time-Equivalent (FTE), Professional

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate hours generated by professional students for the current fall term. For professional students not receiving credit hours, the unit is calculated by adding the total number of full-time students to the sum of the appropriate fractional values of full-time load assigned to each part-time student.

Full-Time-Equivalent (FTE), Undergraduate

The statistical enrollment unit calculated by dividing by 15 all degree/diploma/certificate credit hours generated by undergraduate students for the fall term.

Graduate I Student

A student holding a bona fide bachelors degree who has been admitted to the graduate division as a candidate for a masters degree, an advanced degree or certificate.

Graduate II Student

A student holding a bona fide masters degree or advanced degree or certificate beyond the masters degree, who has been admitted to a doctoral program. Also, a student holding a bona fide bachelors degree, who has been admitted to a doctoral program and who has attained at least thirty semester hours toward the doctoral degree. Graduate II students can exist only in programs for which the institution offers a doctoral degree.

Headcount

The number of different, unduplicated individuals enrolled in a term.

Home-Study

Students who have a majority of their certificate or degree course load (credit hours) taught by the college by mail, radio, television or newspaper.

In-District

Public community college students who live within the community college district and who attend the community college within that district.

Junior

Institutionally defined. Normally, those students who have completed fewer than 90 semester hours (135 quarter hours) but at least 60 semester hours (90 quarter hours).

Occupational

Student academic program majors at public community colleges which include approved programs with job training, retraining, and/or upgrading of skills which are classified under NCHEMS PCS code 1.2.

Off-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in other than on-campus facilities or who have registered for a majority of their course load (credit hours) through off-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

On-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in on-campus facilities or who have registered for a majority of their course load (credit hours) through on-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

Other Studies

Student Academic program majors at the public community colleges which include General Studies, Remedial/Development Education and Vocational Skills. These program majors are defined as follows:

General Studies - Students who have enrolled in a course sequence leading to a certificate in one of the approved general studies areas with the NCHEMS PCS code 1.5; personal development; homemaking; improving family circumstances; intellectual and cultural studies; health-safety environment; and community and civil development.

Remedial/Developmental - Students who have enrolled in a course sequence leading to a certificate in one of the approved basic skills development areas in mathematics, reading, and English for adults and for helping individuals acquire other educational skills and knowledge necessary for pursuing other educational offerings at the community college; NCHEMS PCS code 1.4.

Vocational Skills - Students who have enrolled in a course sequence leading to a certificate in one of the approved vocational skills areas in retraining, upgrading or advancement in a specific occupation or groups of occupations; NCHEMS PCS code 1.6.

Out-of-District

Students attending a community college whose residence is not within the boundaries of the community college district but is within the State of Illinois.

Part-Time

Students taking fewer than 12 semester or quarter hours during the semester or quarter. Institutions not on a semester or quarter system are to report students taking less than three quarters of the institutionally defined normal load as part-time students.

Professional

Students taking courses leading wholly or principally to a professional degree in dentistry, law, medicine, optometry, osteopathic medicine, podiatry, theology or veterinary medicine. Ordinarily, such students are enrolled in programs which require at least two academic years of previous college work for entrance and which require a total of at least six academic years of college work for completion.

Senior

Institutionally defined. Normally those students who have taken 90 or more semester hours (135 quarter hours) but have not received the bachelors degree in the program major in which they are enrolled.

Sophomore

Institutionally defined. Normally those students who have completed at least 30 semester hours (45 quarter hours) but have completed fewer than 60 semester hours (90 quarter hours). Also those students without a previous degree who have more than 60 semester hours and are continuing to pursue an associate degree.

Unclassified Graduate

Students who hold a bachelors degree or equivalent and who have been officially enrolled in the graduate college, school, or division and are taking professional or graduate courses but are not working toward a degree.

Unclassified Undergraduate

Students enrolled in degree credit courses who (a) are not pursuing an associate, bachelors, or higher degree, or (b) do not fulfill minimum requirements for entrance as regular students. This category includes transfer and other students whose transcripts have not been completely reviewed and who therefore cannot be classified by class level. Also included at the undergraduate level are students who already have a bachelor's degree or award below the baccalaureate but who are taking courses at the same level or lower, and teachers taking additional undergraduate courses for certification.

Undeclared

The curriculum identifier for public community college students who have enrolled in instructional courses who are not pursuing an associate degree or certificate or have not decided which instructional program to pursue.

Undergraduate

Those students who are at the freshman, sophomore, junior or senior levels and the portion of unclassified students who have enrolled as undergraduates.

Source: Fall Enrollment Survey

Section II

STUDENT CHARACTERISTIC DATA

Section II presents student demographic data using dimensions of sex, level of instruction, attendance status, age, ethnic origin and residence of students enrolled in Illinois colleges and universities. Data for this section are from the Illinois Board of Higher Education's annual Fall Enrollment Survey.

Sex

Table II-1 presents headcount enrollments by sex within level of instruction for each Illinois public and private institution.

Attendance Status

Table II-2 presents headcount enrollments by attendance status (full or part-time) and level of instruction for each public and private Illinois institution.

Age

Tables II-3 and II-4 present age distributions of Illinois degree credit students by sector. Table II-3 presents age distribution by level (student major, for community colleges), while Table II-4 shows the distribution of age by sex for undergraduate and graduate students.

Tables II-5, II-6, and II-7 present age distributions by attendance status within sector for first-time freshmen, undergraduates and graduates, respectively. Community college data

are subdivided by student major. Table II-8 presents average age of degree credit students by sex and level of instruction for each Illinois institution.

Racial/Ethnic Data

Tables II-9 and II-10 present enrollments by racial/ethnic category for Illinois institutions. Table II-9 provides aggregate data by sector, while Table II-10 presents racial/ethnic breakdowns by institution.

Residency

Table II-11 presents the home state of first-time freshmen enrolled in Illinois institutions by type of institution within sector.

Table II-12 presents home county of in-state, first-time freshmen by type of institution and by sector. Table II-13 presents home county by attendance status within sector.

STUDENT CHARACTERISTICS DEFINITIONS

Definitions from Section I also apply to this section. Additional definitions for new data elements presented in this section are as follows:

Age

The chronological age of students as of the last day for which fall term registrations or withdrawals are allowed without penalty (normally the tenth day of the term).

County of Residence

The county where Illinois students were legally domiciled at the time of first admission to the institution.

Entering Students

The number of students at the indicated student level who enrolled for the first time at the reporting institution in the fall term. Also included are students enrolled in the fall term who attended the institution at the indicated student level for the first time in the previous summer term.

First-Time Freshmen

Those students enrolling in the reporting institution during the fall term who have not previously attended any college. Also included are students enrolled in the fall term who attended college for the first time the previous summer and students who entered with advanced standing (college credits earned before graduation from high school) at the freshman level.

Foreign Residence

Students who were legally domiciled in a country other than the United States of America at the time of first admission to the institution.

In-State Residence

Students who were legally domiciled in Illinois at the time of first admission to the institution.

Out-of-State

Students who were legally domiciled outside Illinois but within the United States of America and its possessions at the time of the first admission to the institution.

Race or National Origin

Racial/ethnic designations do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging.

The definitions for these categories are:

. . Non-Resident Alien - A person who is not a citizen of the United States of America and who is in this country on a temporary basis and does not have the right to remain indefinitely.

. . Black, Non-Hispanic - A person having origins in any of the black racial groups of Africa.

. . American Indian or Alaskan Native - A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.

. . Asian or Pacific Islander - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands and Samoa.

. . Hispanic - A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race.

. . White, Non-Hispanic - A person having origins in any of the original peoples of Europe, North Africa or the Middle East.

Section III

ENROLLMENT TREND DATA

This section presents statewide enrollment trends by sector and by individual institution, across several years and levels of instruction. Trends in nationwide total enrollment are also provided.

Headcount and Full-Time-Equivalent

Table III-1 presents total U.S. and Illinois headcount enrollments for the years 1951-1984, and Illinois enrollments by sector for 1951-1985.

Table III-2 presents Illinois full-time-equivalent enrollments from fall 1965 through the current year by sector.

Table III-3 presents off-campus and home study headcount enrollments by sector for Illinois colleges and universities from 1965 through the current year.

Table III-4 presents total degree credit headcount and FTE enrollments at each Illinois institution for selected years beginning with fall 1965.

Sector, Class Level

Table III-5 presents total degree credit headcount enrollments for each sector by class level for selected years beginning with 1975 through 1985.

Location, Level of Instruction

Table III-6 presents degree credit headcount and FTE enrollments by location of instruction, and total enrollments by level of instruction, for Illinois public universities, community colleges and private institutions for selected years beginning with 1975 through 1985.

Table III-1

Section IV

ACADEMIC PROGRAM ENROLLMENTS IN PUBLIC UNIVERSITIES

This section, compiled from Table D of the Illinois Board of Higher Education's annual Fall Enrollment Survey, presents enrollments by academic program for the public universities. This is the fourth year that program enrollment data has been collected using the new NCES Classification of Instructional Programs (CIP) rather than the old HEGIS taxonomy.

Detailed Academic Program Enrollment Data

Table IV-1 presents undergraduate academic program enrollments by institution for public universities. Associate and certificate program enrollments are included in this table.

Table IV-2 presents Graduate I and professional enrollments by discipline and Table IV-3 presents Graduate II enrollments by discipline.

Academic Program Enrollment Summary

Table IV-4 summarizes enrollments by two-digit CIP discipline code for each public university.

Source: Fall Enrollment Survey

Section V

ADMISSION AND TRANSFER DATA

This section presents data on applications, acceptances, enrollments and transfers for the fall 1985 term. The data are from the Illinois Board of Higher Education's annual Fall Enrollment Survey.

Admission

Table V-1 presents the number of applications, acceptances and enrollments for first-time freshmen and transfer students at Illinois public universities and private institutions.

Table V-2 presents applications, acceptances and enrollments by institution for entering professionals and entering graduate students in Illinois.

Transfer

Table V-3 presents the number of transfers to and from each public university, community college, and multiple purpose institution in the state. Proprietary and limited purpose institutions have been aggregated under the heading "Other and Unknown." Conceptually, the table is a 125 x 125 cell matrix, and its pages can be physically arranged to create one. The number appearing beside a named institution in the left hand column of the table is the number used to designate that institution in the columns across the top of the page.

Source: Fall Enrollment Survey

Section VI

DEGREES CONFERRED DATA

This section presents the number and type of degrees conferred by Illinois colleges and universities during the fiscal year ending June 30, 1985. The data are from the Higher Education General Information Survey (HEGIS) Form 2300-2.1, which is distributed to institutions as Table Z of the Illinois Board of Higher Education's Fall Enrollment Survey.

This is the third year that degree data were collected using the NCES Classification of Instructional Programs (CIP) rather than the old HEGIS taxonomy. Historical data have been converted to this new classification scheme using a crosswalk developed by the Board of Higher Education staff.

Number of Degrees Conferred by Illinois Institutions

Table VI-1 presents the number of bachelors, masters, doctoral and first professional degrees conferred by Illinois colleges and universities from 1982-83 to 1984-85.

Table VI-2 presents the number of associate degree and certificate awards conferred from 1982-83 to 1984-85.

Number of Degrees by Academic Discipline for Selected Years

Tables VI-3, VI-4 and VI-5 present summary data by "two-digit" CIP discipline code showing the number of degrees conferred for selected years beginning with 1970-71 at the baccalaureate, masters,

and doctoral levels, respectively. Table VI-6 presents first professional degrees by two-digit CIP code and provides six-digit breakdowns for the health sciences. Tables VI-7 and VI-8 present associate and certificate degree-level awards by two-digit CIP code.

Degrees in Various Fields of Study by Institutional Control, Sex and Race

Table VI-9 presents the number and percent of degrees conferred by Illinois colleges and universities by field of study, type of institution and level. Table VI-10 breaks out these data by field of study, sex and level. Table VI-11 presents degrees conferred by field of study, race and level.

Section VII

STAFF DATA

This section summarizes data on faculty and staff at Illinois public and private colleges and universities. The data are from the Resource Allocation and Management Program (RAMP), HEGIS Form 2300-3, "Salaries, Tenure and Fringe Benefits," and the Illinois Board of Higher Education's annual Faculty Credit Hour Study.

Budgeted Staff Earnings, Levels

Table VII-1 presents State-appropriated staff earnings for public university employees at each university by type of employee. Table VII-2 presents budgeted staffing levels in Illinois public universities in staff years by staff classification and fund source. The data for these tables are from FY1987 RAMP figures.

Sex and Rank

Table VII-3 presents number and sex of full-time faculty by rank at each Illinois public university.

Table VII-4 presents similar data for private multi-purpose institutions in Illinois.

Salary

Tables VII-5 and VII-6 present average salary of full-time faculty at each public university by sex and rank. Table VII-5 presents data for faculty holding 9-month contracts, while Table VII-6 presents data for faculty on 12-month contracts.

Table VII-7 presents the percent of tenured full-time faculty at each public university by rank and sex.

Faculty Assignments, Load

Table VII-8 presents staff year faculty assignments at each public university by instructional activity and level of instruction.

Table VII-9 presents statewide student credit hours per staff year in Illinois public universities by discipline and level.

DEFINITIONS FOR STAFF DATA

Administrative and Other Professional Staff

Includes executive, administrative and managerial assignments which require primary responsibility for organizing, planning and directing the institution and its subdivisions. Included in Tables VII-1 and VII-2 are professional staff who are non-Civil Service employees with primary responsibility in non-instructional areas.

Faculty

Those persons holding academic rank who have departmental assignments in instruction, organized research and public service. Academic department heads are included, as are graduate students who receive remuneration for performing services which are classified as instructional or professional.

Civil Service

Includes those employees having Civil Service appointments who are exempt from the Fair Labor Standards Act, those employees whose wages are based on the prevailing wage in the geographic vicinity of the university, those employees whose pay is negotiated (usually through a union collective bargaining agent) and all other employees who cannot be classified as academic staff or student employees.

Student Employees

Those students enrolled at the institution who receive remuneration for performing services which are classified as other than executive, professional and instructional. Such employment is usually considered a form of student financial assistance.

Appropriated Funds

Those fund sources from which expenditures cannot be made without specific prior authorization by the General Assembly and the Governor.

Instructional Activity

Direct Instruction - Those activities which apply to time and energy expended in face-to-face contact with students in a classroom, e.g., a lecture, laboratory, quiz or discussion group. Also included is instruction on an individual basis (e.g., supervision of theses and honors reading), which may occur in a staff member's office, and instruction via correspondence.

Indirect Instruction - Those instructional activities related to other than direct instruction including:

a) paper grading,
b) course supervision,
c) academic counseling (other than in an organized unit).

Departmental Research - Those research activities carried on with the institution's regular funds and carried on without specific sponsorship.

Departmental Overheads - Those administrative activities carried out in support of the efficient operation of the department.

Primary Functions

Instruction - Those activities which produce outputs eligible for credit in meeting degree or certificate requirements.

Organized Research - All research related activities established within an institution under terms of an agreement with agencies external to an institution or separately budgeted and conducted with internal funds.

Public Service - Those programs which produce outcomes directed toward the benefit of the community or individuals within the geographical service area of the institution.

Staff Year

A measure of staff effort over a 12 month period. For professional and administrative personnel, a staff year is defined as the equivalent of a one year, full-time position (including vacation). For faculty, a staff year is the equivalent of a full-time teaching load (as institutionally defined) for 12 months including one month vacation.

Full-Time Faculty

Institutionally defined.

Full-Time-Equivalent (FTE) Faculty

Institutionally defined full-time-equivalent faculty member.

Section VIII

STUDENT COST DATA

This section provides information from the U. S. Department of Education's Integrated Postsecondary Education Data Systems Institutional Characteristics Survey concerning student charges at all Illinois colleges and universities. Charges were effective as of the fall 1985 term.

Annual Tuition, Fees

Table VIII-1 displays annual tuition and mandatory fees for full-time undergraduates and graduate students at each Illinois college and university. Figures represent in-state charges only for public universities.

Table VIII-2 presents annual tuition and fee charges for full-time professional students enrolled in selected areas of study at those Illinois colleges and universities offering first-professional degree programs.

Table VIII-3 presents student charges per credit hour for tuition and fees and total annual tuition and fees at Illinois public community colleges during the academic year 1985-86.

Room and Board Charges

Table VIII-4 summarizes annual charges for room and board at each public and private college and university in Illinois.

Section IX

STUDENT FINANCIAL AID DATA

This section presents data on the number and value of student financial assistance awards and the number of financial aid recipients at Illinois colleges and universities. Data are from the annual Illinois Student Financial Aid Survey.

Awards

Table IX-1 shows the amount of student financial assistance by sector and source from fiscal year 1981 to fiscal year 1985.

Table IX-3 shows grants, scholarships, and tuition waivers to undergraduates in fiscal year 1985 by source, program, and sector.

Table IX-4 indicates changes in the number and value of undergraduate financial assistance awards by type and sector from fiscal year 1981 to fiscal year 1985. Table IX-5 presents this same information for graduate financial assistance awards.

Recipients

Table IX-2 shows by level, sector, and source, the number of students who received one or more forms of financial aid from fiscal year 1981 to fiscal year 1985.

* Percent change from immediately preceding year. Negative change indicated by parentheses.

** Includes all programs using State appropriated funds.

*** Illinois Guaranteed Loan Program. Includes PLUS and ALAS loans initiated in FY1984. The capital for loans under these programs is secured from private financial institutions under loan guarantees and interest subsidies provided by the federal government. Borrowers pay insurance and origination fees that offset administrative costs of the IGLP and a small portion of federal government costs.

Section X

FINANCIAL DATA

This section presents financial trend data for higher education operations and grants programs and for capital construction.

Summary of Historical Appropriations

Table X-1 provides an historical summary of annual State operating appropriations to higher education from FY1981 to FY1986.

Detailed Appropriation Trends

Tables X-2 to X-5 detail annual State appropriations from FY1981 to FY1986. Table X-2 presents appropriations to community colleges and Table X-3 presents appropriations to the Illinois State Scholarship Commission. Table X-4 shows trends in State appropriations for health education grants to private institutions. Table X-5 provides detailed data on State appropriations to the State Universities Retirement System.

Table X-6 presents three-year trend information showing State appropriations to public universities by source of funds and institution for FY1984 to FY1986.

Revenues

Table X-7 presents total audited revenues for Illinois public community colleges for FY1982 to FY1985.

Table X-8 details current fund revenues by source at private institutions for FY1985.

Expenditures

Tables X-9, X-11, and X-12 detail current fund expenditures by function at Illinois public universities, community colleges and private institutions, respectively. Table X-10 breaks down annual audited expenditures for community colleges for fiscal years 1982 to 1985.

Tables X-13 and X-14 provide per credit hour instructional expenditures at Illinois public universities. Table X-13 presents per credit hour instructional costs by student level, and Table X-14 summarizes per credit hour costs by discipline and level for all public universities.

Capital

Table X-15 presents an historical trend of capital appropriations for public higher education by funding source from FY1984 through FY1986.

DEFINITIONS FOR FINANCIAL DATA

Cost Study Categories

Direct Instruction - This category includes costs associated with duties connected with direct contact instruction of students. Direct instruction thus includes teaching of students in courses, supervision of student teaching and applied studies, thesis supervision, independent studies and tutorials.

Total Department - This category includes costs associated with all duties assigned to faculty members through the department level, i.e., direct instruction, indirect instruction and departmental research. It also includes all overhead costs that can be assigned at the departmental level, such as, administrative faculty, office support personnel and other departmental wages, sabbatical leaves, expenses for equipment, commodities, travel, etc.

Total University less O & M - This category includes all direct and overhead costs such as college, academic support, student service, independent operations and institutional support. It excludes costs associated with the operation and maintenance of the physical plant.

Total University - This category includes all costs, direct and overhead, including operation and maintenance of the physical plant for the university, and system office support.

Functional Categories

Instructional Activities - Those activities which are necessary for the production of outputs eligible for credit in meeting degree or certificate requirements including:

a) general academic instruction
b) occupational and vocational instruction
c) special session instruction
d) off-campus instruction
e) departmental research
f) admissions, registration, and records
g) instructional support

Organized Research Activities - Those research-related activities established within an institution under terms of an agreement with agencies external to the institution or separately budgeted and conducted with internal funds including:

a) institutes and research centers
b) individual or project research
c) laboratory schools
d) research support

Public Service Activities - Those activities which produce outcomes directed toward the benefit of the community or individuals within the geographic service area of the institution including:

a) community education
b) community service
c) cooperative extension service
d) public service support

Academic Support Activities - Those activities organized to produce direct support to and supplement the mission of the three primary functions of instruction, research and public service, including:

a) academic administration
b) libraries
c) museums and galleries
d) ancillary support activities such as teaching hospitals and patient services

Student Service Activities - Those activities related to the support of an institution's student body excluding those activities relating to the instructional activities, but including:

a) social and cultural development
b) supplemental and educational services
c) counseling and career services
d) financial aid administration
e) financial grants-in-aid
f) intercollegiate athletics
g) student services support

Institutional Support Activities - Those activities which provide campus-wide support to all other programs including:

a) executive management
b) fiscal operations
c) general administrative and personnel services
d) logistical and central services support
e) faculty and staff services
f) community relations

Operation and Maintenance of Physical Plant (O & M) - Those activities which provide services related to campus grounds and facilities including:

a) superintendence
b) custodial services
c) building maintenance
d) grounds maintenance
e) utilities - purchased
f) utilities - plants
g) renewal, replacement, remodeling
h) security
i) fire protection
j) transportation
k) rental of space

Independent Operations - Those activities which could stand independent of the institution including:

a) housing
b) student unions
c) food services
d) parking

Refunds - The appropriation line item which provides authority to institutions to return tuition and fee charges to students who have dropped out of the institution before the term has been concluded.
